Setting Up Your Phone

Easily adjust your phone's many settings, such as sound, display, and connections.

- ① To access the Settings menu from standby mode, press the **Right Soft Key** for **Menu**.
- ② Select **Settings (#)**.
 - **Sound Profile Settings** – adjust alert tones, ringtones, and ring volume and type for each sound profile.
 - **Phone Settings** – assign shortcut keys, change the language, set the date and time, or reset your phone.
 - **Display Settings** – adjust wallpaper, brightness, backlight duration, and more.
 - **Connection Settings** – connect to *Bluetooth*® devices and edit modem and access point settings.
 - **Call Settings** – enable call forwarding, activate call waiting, and change answer mode.
 - **Security Settings** – turn on or change PIN and phone lock codes and edit fixed dial numbers.

Getting to Know Your Phone

*Customizable

Changing Ringtones

You can change your phone's ringtone through My Stuff or via Settings. You can also download ringtones from AT&T AppCenter® and then set them as your ringtone.

Via My Stuff

- ① From standby mode, press the **Right Soft Key** for **Menu**.
- ② Select **My Stuff (0)** and then choose **Audio (1)**.
- ③ Select **Ringtone** and then highlight a ringtone.
- ④ Press the **Left Soft Key** for **Options** and then select **Set as ringtone (1)**.

Via Settings

- ① From standby mode, press the **Right Soft Key** for **Menu**.
- ② Select **Settings (#)** and then choose **Sound Profiles (1)**.
- ③ Select a profile and press the **Left Soft Key** for **Edit**.
- ④ Select **Voice call ringtone (1)** and then choose **Audio**.
- ⑤ Select **Ringtone**, highlight a ringtone, and then press the **OK Key** for **Select**.

Messaging

When you need to communicate privately and quickly, use text messaging.

- ① From standby mode, press the **Right Soft Key** for **Menu**.
- ② Select **Messaging (2)** and then choose **Create message (1)**.
- ③ Enter the recipient's phone number(s). You can also press the **OK Key** for **Contacts** to add recipients from the Address Book.
- ④ Scroll down to the **Text field** and compose your message.
- ⑤ Press the **OK Key** for **Send** to send the message.

Insert a Picture

- ① When you create a message, press the **Left Soft Key** for **Options** and select **Insert (1)**.
- ② Select **Picture (1)** to insert a photo.
- ③ Press the **OK Key** for **Send** to send the message.

Please don't text and drive.

AT&T Address Book

AT&T Address Book automatically synchronizes your contacts between your phone and online address book. This means that you can easily restore contact information if you ever upgrade, damage, or lose your phone.

Activate AT&T Address Book

Follow the prompts that are shown the first time you open the address book on your phone, or manually activate from your contact list via **Options > Settings (3) > AT&T Address Book (1)**.

Manage Your Contacts Online

Visit <http://att.com/addressbook>.

- Add or edit contacts
- Import contacts from other address books
- Add contacts from Yellowpages.com
- Find maps and directions for contacts
- Send text messages to contacts or groups

Taking and Sending Pictures

Capture those special moments right from your phone, and then edit your photos for a custom feel. It's easy.

Taking a Picture

- ① From standby mode, press the **Camera Key** to access the camera.
- ② Line up your shot in the camera viewfinder.
- ③ Press the **OK Key** for **Capture** to take the photo.

Sending a Picture

- ① After taking a picture, press the **Left Soft Key** for **Options**.
- ② Select **Send (1)** and then choose **Via Message (1)**.
- ③ Enter the recipient's phone number(s). You can also press the **OK Key** for **Contacts** to add recipients from the Address Book.
- ④ Scroll down to the **Text field** and compose your message.
- ⑤ When you are finished typing, press the **OK Key** for **Send**.

Mobile Web

Browse the web directly from your mobile phone! Check the weather, visit your favorite websites, and enjoy access to the Internet on the go!

- ① From standby mode, press the **OK Key**.
- ② To visit a particular website, highlight the address bar at the top of the screen, press the **OK Key** for **Edit**, and enter the web address.
- ③ When you're finished, press the **OK Key**.
- ④ Press the **Left Soft Key** for **Options** and select **Go to Bookmarks** to access your list of favorite sites. To add a site to the list, press the **Left Soft Key** for **Options** and select **Add to Bookmarks**.

AT&T Navigator®

AT&T Navigator provides GPS Navigation, traffic updates, and turn-by-turn voice and on-screen driving directions.

- ① From standby mode, press the **Right Soft Key** for **Menu**.
- ② Select **AT&T GPS (1)** and then choose **AT&T Navigator (2)**.
- ③ Read the warning and press the **Left Soft Key** for **Agree**.
- ④ If this is the first time you have accessed AT&T Navigator, you will be prompted to take a feature tour. If you are prompted, choose **No, Skip Tour**.
- ⑤ Press the **OK Key** for **Drive To** and then choose a navigation option.
- ⑥ Follow the prompts to type or speak your destination.

AppCenter

Whether you're into the latest hits or the classics, let your phone reflect your style with downloadable ringtones, Answer Tones™ and graphics. Or entertain yourself with the most popular downloadable games and applications—all from the AppCenter.

Access AppCenter

- ① From standby mode, press the **Right Soft Key** for **Menu**.
- ② Press the **OK Key** for **AppCenter (5)**.
- ③ Once connected, select the category you want to view to browse content. Follow instructions to purchase the desired item.

Access Applications

- ① From standby mode, press the **Right Soft Key** for **Menu**.
- ② Select **My Stuff (0)** and choose **Games & Apps (2)**.
- ③ Press the **OK Key** for **Applications**.
- ④ From here, you may access applications or select **Shop Applications** to purchase new ones from the AppCenter.

AT&T Social Net

Keep on top of your world with AT&T Social Net, which allows you to access the latest news as well as popular social networks—including Facebook®, Twitter®, and MySpace™—all in one place.

- ① From standby mode, press the **Right Soft Key** for **Menu**.
- ② Select **Social Net (*)**.
- ③ To accept data charges if asked, press the **Left Soft Key** for **Continue**. To accept the End User License Agreement, press the **Left Soft Key** for **Accept**.
- ④ Select the social network of your choice from the top row.
- ⑤ Enter your login and password and then press the **Left Soft Key** for **Sign in**.

Access Social Networks and Information

- Select , , or  to quickly update your status.
- Select  for the latest news and information.
- Select  for a snapshot of all of your status updates.

Mobile Email

Carry your email inbox in your pocket! With Mobile Email,* you can access numerous providers, including AT&T®, AOL®, Yahoo!®, Gmail™, AIM®, and Windows Live™.

- ① From standby mode, press the **Right Soft Key** for **Menu**.
- ② Select **Email & IM (3)** and then choose **Mobile Email (1)**.
- ③ Select the name of your email provider. The steps that follow will vary depending on your provider.
- ④ When you select **Other Providers**, you may be asked to accept terms of service and/or to select your email domain. Follow the on-screen instructions.
- ⑤ Enter your email address and password.
- ⑥ Press the **OK Key** for **Sign In**.

*Mobile email requires a subscription to a monthly service plan.

myAT&T

myAT&T allows you to manage your wireless and AT&T U-verse® account from your mobile phone. Check your data usage, pay your bill, and more.

- ① From standby mode, press the **Right Soft Key** for **Menu**.
- ② Select **myAT&T (9)**.
- ③ Enter your phone number and password and select **Enter** to log in.

Multitasking

Multitask with voice and data—browse the web, play games, send and receive messages, and listen to music, all at once.

- ① If you're involved in one task and want to launch or switch to another, press the  **Multitask Key**. You can then select an open task, **Home**, or **Menu**.
- ② To end a task, press the  **Multitask Key**, scroll to the task you wish to close, and press the **Left Soft Key** for **Options**. Select **Close (1)** to close that task or **Close all (2)** to close all open tasks.

Bluetooth Wireless Technology

Take advantage of *Bluetooth* wireless technology to pair your phone with headsets, speakerphones, computers, and more!

Pairing

- ① Before you begin, place your *Bluetooth* device into pairing mode.* From standby mode, press the **Right Soft Key** for **Menu**.
- ② Select **Settings (#)**.
- ③ Select **Connections (4)** and then choose **Bluetooth (1)**.
- ④ Press the **OK Key** to enable *Bluetooth*.
- ⑤ Select **Search for new device (5)**.
- ⑥ Highlight the name of the device that you would like to pair with and press the **OK Key**.
- ⑦ If prompted for a passkey,* enter the passkey and press the **Left Soft Key** for **Pair**.

Connecting

- ① To connect to the device from the *Bluetooth* menu, select **My devices (3)**.
- ② Highlight the device name and press the **OK Key** for **Connect**.

*Please consult the documentation included with the *Bluetooth* device for information on placing the device into pairing mode and entering the passkey (typically 0 0 0 0 – four zeroes).
